BLANK CANVAS VF300	SOFT MINK VF301

The VelourTouch® collection offers ultra matte finishes following the most current trends in cabinetry. The VelourTouch® surface is silky to the touch, anti-fingerprint and scratch resistant.

APEX

VelourTouch® APEX captures today's trends of extreme matte finishes and painted cabinet looks. Quality, beautiful, worry-free and affordable materials manufactured by Olon for your building needs.

The VelourTouch® APEX O²S surface technology is applied to all VelourTouch® colours to improve product performance and give superior scratch resistance while maintaining the silky touch and anti-fingerprint benefits.

- An Optimized Olon Surface
- Available in 14 contemporary neutral colours
- Suitable for vertical, light duty surfaces
- **3D Thermofoil material available**

eflex

VelourTouch® eflex has the scratch resistance, anti-fingerprint technology and smooth touch of our standard program but with an added eco-friendly twist. Great for volume projects like multi-family, condos and retail programs.

VelourTouch® eflex is an environmentally conscious option. The polypropylene surface is heat and solvent resistant, it is recyclable, has a low carbon footprint and is quick to breakdown in landfill.

- Available in Blank Canvas and Soft Mink
- Suitable for vertical, light duty surfaces
